PurPOSE AND OUTCOME

Course Overview: Practicum also known as Level I fieldwork is designed to afford students the opportunity for hands-on assessment, evaluation, treatment planning and client intervention. The student will learn to be part of the therapy team and professionally interact with clients and healthcare providers. This fieldwork provides the opportunity for students to translate their professional behavior, observation skills, performance skills and clinical application of their knowledge into a clinical setting. These experiences may take place at hospitals, outpatient clinics, or schools.

Relation to Program Outcomes: ACOTE Standard C.1.0. Fieldwork Education
Fieldwork education is a crucial part of professional preparation and is best integrated as a component of the curriculum design. The experience provides the student with the opportunity to carry out professional responsibilities under supervision and for professional role modeling. The goal of Level I fieldwork is to introduce students to the fieldwork experience, to apply knowledge to practice, and to develop understanding of the needs of clients.

Course Objectives and/or Goals: Upon completion of the assigned fieldwork experience the students will:

1. Demonstrate therapeutic use of self, including one’s personality, insights, perceptions, and judgments, as part of the therapeutic process in individual interaction. (B.5.7)
2. Discuss and evaluate personal and professional abilities and competencies as they relate to job responsibilities. (B.9.6)
3. Effectively interact through written, oral and nonverbal communication with the client, family, significant others, colleagues and other health providers and the public in a professionally acceptable manner. (B.5.20)
4. Documentation of occupational therapy services to ensure accountability of service provision and to meet standard for reimbursement of services. Documentation must effectively communicate the need and rationale for occupational therapy services. (B.4.10)
5. Develop the ability to use appropriate screening and assessment tools and procedures to evaluate the client’s occupational performance. (B.4.1, B.4.2, B.4.3, B.4.4)
6. Use evaluation findings based on appropriate theoretical approaches, models of practice, and frames of reference to develop occupation-based intervention plans and strategies. (B.5.1)
7. Grade and adapt the environment, tools, materials, occupations and interventions to reflect the changing needs of the client, the sociocultural context, and technological advances. (B.5.23)
8. Observe and provide occupational therapy interventions and procedures to enhance safety, health and wellness, and performance in ADL’s and IADL’s. (B.5.2)
9. Gain understanding of the interdisciplinary, referral, and consultative processes. (B.5.22)
10. Understand the continuum of care to include understanding of the role of OT in care coordination, case management, & transition services. (B.5.27)

DESCRIPTION OF COURSE CONTENT
COURSE POLICY AND PROCEDURES: Level 1 Practicum

During the week after Thanksgiving, you will be assigned to a 40 hour, one week practicum. Facilities are available in most areas of Florida, and in various regions of the country. A preference list of cities you would like to go to can be submitted to the AFWC in September. You will not be able to choose a particular facility. Travel from your requested cities can be up to 60 miles/60 minutes. At least 2 cities must be further than 60 miles apart (unless you have an accepted hardship to stay in the Gainesville area).

The Fieldwork Coordinator will make the final placement decisions and try to accommodate your preferences when possible. This course sequence is designed to meet the American Occupational Therapy Association guidelines for Level 1 Fieldwork Experience.

1. All students must have immunization, HIPAA and CPR requirements met prior to the start date of practicum. Many sites are now requiring drug screens, fingerprints and background checks.
2. Attendance: To meet the requirements of this practicum, students must complete 40 hours on site. If due to illness or a similar emergency situation you must miss time, and you have not completed 40 hours, you must make the time up missed.
3. By Sept. 15th, the student will turn in form with four-five preferences for location, in specific ranking order. Out of state requests are due by the first Friday in September. Please check with fieldwork coordinator prior to listing out of state cities. If you are requesting a small city/town, please be sure to indicate what other cities are nearby and driving distance (one hour will be considered possible commuting distance).
4. The fieldwork coordinator will make assignments with available facilities.
5. The student will be notified of placements by a posting on the course website. The name and contact information for site will be noted on this posting.
6. One month prior to the start date, the student should call or email the supervisor. Remember they are therapists and often difficult to get hold of, be persistent. If you have tried many times and are unsuccessful, **try a phone call to the site**, after that do not hesitate to contact the fieldwork coordinator to help locate them. Include the following in your initial contact:
   a. Be sure to thank them for the opportunity they are offering you to train with them.
   b. Include your full name and that you are a University of Florida Occupational Therapy student.
   c. Ask about any preparations you may need, such as vaccinations, influenza shot, drug test, fingerprinting or background checks. There may be a cost involved in these.
   d. Inquire about the start time, dress code, directions and parking.
   e. Inquire about specific evaluations or treatment modalities used onsite so that you can refresh your skills as necessary.
   f. Ask about specific physical expectations of the site, particularly if you have physical limitations. If accommodations are to be made, please notify the fieldwork coordinator and the Dean of Students Office.
   g. Be sure to check in the site file for any other information that may be pertinent. These files are located in the front office and may be checked out with 24 hours advance notice to the front office staff. The folders obtain some information about the site and patient populations served.

**Topical Outline/Course Schedule:** Any changes will be posted as an announcement in Pediatrics course web site. Room numbers will be listed on master pediatrics course calendar.

For greater detail on the meaning of grades and university policies related to them, see the Registrar’s Grade Policy regulations at:
http://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx

Policy Related to Required Attendance
This course requires the equivalent of one week full time work in a clinical setting. Any time missed must be made up. For information regarding the UF Attendance Policy see the Registrar website for additional details:
https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx

STUDENT EXPECTATIONS, ROLES, AND OPPORTUNITIES FOR INPUT

Expectations Regarding Course Behavior
Students will be expected to wear professional dress as determined by the clinical site. The default profession dress is the UF OT polo and dress slacks and closed toed shoes.
Communication Guidelines
No cell phone use is permitted during clinical hours.

Academic Integrity
Students are expected to act in accordance with the University of Florida policy on academic integrity. As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge:

“We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.”

You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied:

“On my honor, I have neither given nor received unauthorized aid in doing this assignment.”

It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For additional information regarding Academic Integrity, please see Student Conduct and Honor Code or the Graduate Student Website for additional details: https://www.dso.ufl.edu/sscr/process/student-conduct-honor-code/
http://gradschool.ufl.edu/students/introduction.html

Please remember cheating, lying, misrepresentation, or plagiarism in any form is unacceptable and inexcusable behavior.

Online Faculty Course Evaluation Process
Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at https://evaluations.ufl.edu. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at https://evaluations.ufl.edu/results/.

SUPPORT SERVICES

Accommodations for Students with Disabilities
If you require classroom accommodation because of a disability, you must register with the Dean of Students Office http://www.dso.ufl.edu within the first week of class. The Dean of Students Office will provide documentation of accommodations to you, which you then give to me as the instructor of the course to receive accommodations. Please make sure you provide this letter to me by the end of the second week of the course. The College is committed to providing reasonable accommodations to assist students in their coursework.

Counseling and Student Health
Students sometimes experience stress from academic expectations and/or personal and interpersonal issues that may interfere with their academic performance. If you find yourself facing issues that have the potential to or are already negatively affecting your coursework, you are encouraged to talk with an instructor and/or seek help through University resources available to you.

- The Counseling and Wellness Center 352-392-1575 offers a variety of support services such as psychological assessment and intervention and assistance for math and test anxiety. Visit their website for more information: http://www.counseling.ufl.edu. Online and in-person assistance is available.
- You Matter We Care website: http://www.umatter.ufl.edu. If you are feeling overwhelmed or stressed, you can reach out for help through the You Matter We Care website, which is staffed by Dean of Students and Counseling Center personnel.
- The Student Health Care Center at Shands is a satellite clinic of the main Student Health Care Center located on Fletcher Drive on campus. Student Health at Shands offers a variety of clinical services.
The clinic is located on the second floor of the Dental Tower in the Health Science Center. For more information, contact the clinic at 392-0627 or check out the web site at: https://shcc.ufl.edu/

- Crisis intervention is always available 24/7 from:
  Alachua County Crisis Center
  (352) 264-6789
  http://www.alachuacounty.us/DEPTS/CSS/CRISISCENTER/Pages/CrisisCenter.aspx

Do not wait until you reach a crisis to come in and talk with us. We have helped many students through stressful situations impacting their academic performance. You are not alone so do not be afraid to ask for assistance.
