PURPOSE AND OUTCOME

This course provides the foundational work for development of the 14-week Capstone Experience and Project (OTH 6985 Doctoral Capstone Experience & OTH 6911 Doctoral Capstone Project). Students will complete a needs assessment and literature review in their interest area(s) for the capstone experience and related capstone project. Students collaborate with a faculty mentor and site mentor, to create learning objectives for the capstone experience focused on developing in-depth exposure (beyond a generalist level) in their chosen area of interest.

Relation to Curriculum Design

This course addresses the following themes of the UF curriculum:

- health and human occupation
- critical thinking
- valuing of diversity
- collaborative practice
- professionalism

This course, held after the completion of Level II fieldwork, equips students to attain Phase II & III learning outcomes and prepares students for Capstone success. Classroom activities will require students to apply key occupational theories and evidence acquired during Phase I and the concurrent courses, Phase II OTH 6016 and OTH 6724 of the curriculum. Grounded in their understanding of the importance of occupations and participation for health, students will apply their knowledge to complete a needs assessment and literature review in preparation for their doctoral capstone project. Students will continue to reflect on their progress in the program and in the doctoral capstone process.

Student Learning Objectives

Generate a needs assessment specific to their capstone project. D.1.3
Complete a literature review specific to their capstone project. D.1.3

Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

SUPPORT SERVICES

Accommodations for Students with Disabilities

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the Disability Resource Center by visiting www.disability.ufl.edu/students/get-started. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester. Students in UF Health Sciences programs *should be mindful that unique course accommodations may not be applicable in a clinical, fieldwork or practicum setting*. Thus, planning a semester in advance with the DRC Health Sciences Learning Specialist, Lisa Diekow ldiekow@ufsa.ufl.edu, is highly encouraged.

Students anticipating a need for accommodations during the Capstone Experience will need to notify all involved mentors in advance of the experience and should begin this discussion with the DRC and mentors PRIOR to the Doctoral Mentorship 4 course.

Counseling and Student Health

Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

Students sometimes experience stress from academic expectations and/or personal and interpersonal issues that may interfere with their academic performance. If you find yourself facing issues that have the potential to or are already negatively affecting your coursework, you are

encouraged to talk with an instructor and/or seek help through University resources available to you.

The Counseling and Wellness Center 352-392-1575 offers a variety of support services such as psychological assessment and intervention and assistance for math and test anxiety. Visit their web site for more information: <http://www.counseling.ufl.edu>. On line and in person assistance is available.

You Matter We Care website: <http://www.umatter.ufl.edu/>. If you are feeling overwhelmed or stressed, you can reach out for help through the You Matter We Care website, which is staffed by Dean of Students and Counseling Center personnel.

The Student Health Care Center at Shands is a satellite clinic of the main Student Health Care Center located on Fletcher Drive on campus. Student Health at Shands offers a variety of clinical services. The clinic is located on the second floor of the Dental Tower in the Health Science Center. For more information, contact the clinic at 392-0627 or check out the web site

Crisis intervention is always available 24/7 from:

Alachua County Crisis Center

(352) 264-6789

<http://www.alachuacounty.us/DEPTS/CSS/CRISISCENTER/Pages/CrisisCenter.aspx>

Do not wait until you reach a crisis to come in and talk with us. We have helped many students through stressful situations impacting their academic performance. You are not alone so do not be afraid to ask for assistance.

Inclusive Learning Environment

Public health and health professions are based on the belief in human dignity and on respect for the individual. As we share our personal beliefs inside or outside of the classroom, it is always with the understanding that we value and respect diversity of background, experience, and opinion, where every individual feels valued. We believe in, and promote, openness and tolerance of differences in ethnicity and culture, and we respect differing personal, spiritual, religious and political values. We further believe that celebrating such diversity enriches the quality of the educational experiences we provide our students and enhances our own personal and professional relationships. We embrace The University of Florida's Non-Discrimination Policy, which reads, "The University shall actively promote equal opportunity policies and practices conforming to laws against discrimination. The University is committed to non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, gender identity and expression, marital status, national origin, political opinions or affiliations, genetic information and veteran status as protected under the Vietnam Era Veterans' Readjustment Assistance Act." If you have questions or concerns about your rights and responsibilities for inclusive learning environment, please see your instructor or refer to the Office of Multicultural & Diversity Affairs website:

www.multicultural.ufl.edu.

To create as inclusive a learning environment as possible, I will work to ensure that the classroom environment is conducive to the sharing of ideas, allowing students to explore relationships among course material, personal, and social experiences. I strive to teach content objectively and create space for a respectful dialogue of ideas related to the impact of race, gender identity, sexual orientation, disability status, age, (etc.) on the topics taught in class. I seek to nurture a supportive

peer culture both inside and outside of the classroom, and expect that students will treat each other in caring, empathic, and respectful ways.
