Prerequisites: OTH 6906 Doctoral Mentorship 1

PURPOSE AND OUTCOME

Course Overview: The Doctoral Mentorship 2 (OTH 6904) course will be online/asynchronous in the summer semester of year 2. Opportunities for live interaction with the instructor/Doctoral Capstone Coordinator will be provided through Canvas. This course will provide students with opportunities to further engage in an examination of their interest area(s) for the capstone experience and related capstone project. Students will develop learning objectives for the capstone focused on developing in-depth exposure (beyond a generalist level). During this course, assignment of Capstone faculty mentors and site locations for the Capstone Experience begin. Students will have the opportunity to offer three suggestions for a doctoral faculty mentor in the Department of Occupational Therapy based on the mentor’s expertise match with the prospective project.

Relation to Program Outcomes: This course is the second in a series of four doctoral mentorship courses that provide the foundational work for development of the 14-week Doctoral Capstone Experience and Project (OTH 6985 Doctoral Capstone Experience & OTH 6911 Doctoral Capstone Project). As an individualized experience and project the student will identify how their capstone relates to the program curricular themes. It is taught during the sixth semester of the OTD program.

Student Learning Objectives:

Upon the conclusion of this course, the student will:
1. Confirm a specific area of interest for their doctoral capstone experience & draft project idea.
2. Update capstone plan (MOU) that addresses draft goals and objectives related to the capstone experience.
3. Develop draft plans for needs assessment.
4. Demonstrate skill in identifying literature search terms, locating the literature, and critically discussing the literature.
5. Develop draft doctoral capstone project proposal outline.
Course activities support the following ACOTE standards:

| D.1.1. | Ensure that the doctoral capstone is designed through collaboration with the student, a faculty member in the occupational therapy educational program who holds a doctoral degree, and an individual with documented expertise in the content area of the capstone. |
| D.1.2. | Document that the content expert is informed of the plan for and purpose of the doctoral capstone and has content expertise in the focus area. |
| D.1.3. | Document that the doctoral capstone is an integral part of the program’s curriculum design.  
- Reflects the mission and philosophy of the program.  
- Contributes to the development of in-depth knowledge in the designated area of interest.  
- Includes preparation consisting of a literature review, needs assessment, goals/objectives, and a plan to evaluate project outcomes. |

STUDENT EXPECTATIONS, ROLES, AND OPPORTUNITIES FOR INPUT

Expectations Regarding Course Behavior: Professional Behavior is expected of health professional students at all times.

Preparation for class: To maximize the use of class time, students are expected to read and study assigned readings in text and course syllabus prior to coming to class.
**Participation:** Students are expected to actively participate in discussions and class activities. Attendance assists student to develop knowledge and skill in interpersonal relationships and communication by relating to others of different backgrounds and performance deficits.

**Professional work habits also include:** being on time for class and staying attentive until class is dismissed; being courteous in lecture by muting microphone when not speaking; turning off your cellular phone; not reading other material during class, getting your work in on time; arranging with another students to get handouts or announcements if you cannot attend class.

**Academic Integrity**

Students are expected to act in accordance with the University of Florida policy on academic integrity. As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge: “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.”

You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.”

It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For additional information regarding Academic Integrity, please see Student Conduct and Honor Code or the Graduate Student Website for additional details:

https://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/

http://gradschool.ufl.edu/students/introduction.html

Please remember cheating, lying, misrepresentation, or plagiarism in any form is unacceptable and inexcusable behavior.

**Recording Within the Course:**

Class lectures will be recorded. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include breakout rooms, student presentations, academic exercises involving solely student participation, private conversations between students in the class or between a student and the faculty during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

**Online Faculty Course Evaluation Process**
Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at https://gatorevals.aa.ufl.edu/students/. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via https://ufl.bluera.com/ufl/. Summaries of course evaluation results are available to students at https://gatorevals.aa.ufl.edu/public-results/.

SUPPORT SERVICES

Accommodations for Students with Disabilities
If you require classroom accommodation because of a disability, it is strongly recommended you register with the Dean of Students Office http://www.dso.ufl.edu within the first week of class or as soon as you believe you might be eligible for accommodations. The Dean of Students Office will provide documentation of accommodations to you, which you must then give to me as the instructor of the course to receive accommodations. Please do this as soon as possible after you receive the letter. Students with disabilities should follow this procedure as early as possible in the semester. The College is committed to providing reasonable accommodations to assist students in their coursework.

Students anticipating a need for accommodations during the Capstone Experience will need to notify all involved mentors in advance of the experience and should begin this discussion with the DRC and mentors as soon as possible and no later than the beginning of the Doctoral Mentorship 4 course.

Counseling and Student Health
Students sometimes experience stress from academic expectations and/or personal and interpersonal issues that may interfere with their academic performance. If you find yourself facing issues that have the potential to or are already negatively affecting your coursework, you are encouraged to talk with an instructor and/or seek help through University resources available to you.

- The Counseling and Wellness Center 352-392-1575 offers a variety of support services such as psychological assessment and intervention and assistance for math and test anxiety. Visit their web site for more information: http://www.counseling.ufl.edu. On line and in person assistance is available.

- Campus Assistance & Resources for Empowerment (CARE) provides connection, support and guidance for students as they navigate anticipated transitions and unexpected events. you can reach out for help through the Care Team website, https://care.dso.ufl.edu/ which is staffed by Dean of Students and Counseling Center personnel.

- The Student Health Care Center at Shands is a satellite clinic of the main Student Health Care Center located on Fletcher Drive on campus. Student Health at Shands offers a variety of clinical services. The clinic is located on the second floor of the Dental Tower in the Health Science Center. For more information, contact the clinic at 392-0627 or check out the web site at: https://shcc.ufl.edu/

- Crisis intervention is always available 24/7 from: Alachua County Crisis Center: (352) 264-6789 http://www.alachuacounty.us/DEPTS/ CSS/CRISISCENTER/Pages/CrisisCenter.aspx

- University Police Department: Visit UF Police Department website or call 352-392-1111 (or 9-1-1 for emergencies).
Do not wait until you reach a crisis to come in and talk with us. We have helped many students through stressful situations impacting their academic performance. You are not alone so do not be afraid to ask for assistance.

**Inclusive Learning Environment**

Public health and health professions are based on the belief in human dignity and on respect for the individual. As we share our personal beliefs inside or outside of the classroom, it is always with the understanding that we value and respect diversity of background, experience, and opinion, where every individual feels valued. We believe in, and promote, openness and tolerance of differences in ethnicity and culture, and we respect differing personal, spiritual, religious and political values. We further believe that celebrating such diversity enriches the quality of the educational experiences we provide our students and enhances our own personal and professional relationships. We embrace The University of Florida’s Non-Discrimination Policy, which reads, “The University shall actively promote equal opportunity policies and practices conforming to laws against discrimination. The University is committed to non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, gender identity and expression, marital status, national origin, political opinions or affiliations, genetic information and veteran status as protected under the Vietnam Era Veterans’ Readjustment Assistance Act.” If you have questions or concerns about your rights and responsibilities for inclusive learning environment, please see your instructor or refer to the Office of Multicultural & Diversity Affairs website: [www.multicultural.ufl.edu](http://wwwmulticultural.ufl.edu).

To create as inclusive a learning environment as possible, I will work to ensure that the classroom environment is conducive to the sharing of ideas, allowing students to explore relationships among course material, personal, and social experiences. I strive to teach content objectively and create space for a respectful dialogue of ideas related to the impact of race, gender identity, sexual orientation, disability status, age, (etc.) on the topics taught in class. I seek to nurture a supportive peer culture both inside and outside of the classroom, and expect that students will treat each other in caring, empathic, and respectful ways.
